Almuth Scholl (University of Konstanz)

Key lecture

Raouf Boucekkine (GREQAM – Aix-Marseille School of Economics)

Call for Papers

We are pleased to invite submissions for the fifth Doctoral Workshop on Dynamic Macroeconomics which is going to take place in Strasbourg, June 2/3, 2014. The aim of the workshop is to offer a stimulating environment where PhD students and young researchers can exchange ideas about their work with experienced researchers. We welcome contributions from all areas of dynamic macroeconomics. Topics of interest include in particular

- Dynamic stochastic general equilibrium models
- Indeterminacy, sunspots and business cycles
- Search and matching models
- Sovereign debt

We prefer the submission of full draft papers, but are willing to consider extended abstracts. Please submit papers or abstracts in pdf format to Elvira Böhrer (office.kaas@uni-konstanz.de). The submission deadline is April 1. Authors will be notified about acceptance by April 15. Limited funds for travel and accommodation are available.
